You can publish videos to any channel & customize the player and add powerful marketing tools to bump up engagement.

## VIDEO DISTRIBUTION

### 3. PLUG:

Reference Link: <https://spagyrist-tech.com/>

All the above processes will be pointless if we won't share our video with our audience through the proper platform. Spagyrist Mentors Lab offers a Plug platform to institutes or schools which is a private video library or an OTT platform that gives flexibility to students for learning & to teachers for teaching. We put a lot of effort into creating knowledge content for our students. So this content should have some privacy. PLUG platform is a private platform that assures that your videos or your content will be shared with your students only.
